

"Boost IV Drip" - Hydrate / Replenish / Enhance

Key Vitamins and Their Benefits:

- ◆ Vitamin B1 (Thiamine): Increases Energy Conversion: Thiamine is crucial for converting carbohydrates into energy, which is essential for glucose metabolism.
- ◆ Vitamin B3 (Niacinamide): Releases energy from food and supports healthy skin and nerves. It also contributes to maintaining healthy skin and a robust nervous system through cell synthesis.
- ◆ Vitamin D (Calciferol): Vitamin D is known to enhance mood by maintaining energy levels and improving blood flow. It also regulates calcium and phosphorus, which are vital for healthy growth of bones and teeth.

Additional Components

- ◆ Minerals: Magnesium, Sodium, Potassium, Chloride, Gluconate, and Acetate: These minerals ensure a balanced electrolyte profile, supporting hydration and essential muscle and nerve function, and overall fluid balance.
- ◆ Vitamins: Vitamin B2, B5, B6, A, C, and E: These vitamins play specific roles in metabolic processes, antioxidant protection, and maintaining healthy skin, vision, and immune function.

!/? Who Can Benefit from the "Boost" Cocktail?

- ✓ People Feeling Constantly Tired: If you often feel tired despite getting enough sleep, the "Boost" Cocktail can give you a much-needed energy boost.
- ✓ Athletes and Fitness Enthusiasts: Those who engage in intense physical activities can benefit from the rehydration and muscle recovery support provided by the minerals and vitamins in the cocktail.
- ✓ Individuals with Weak Immune Systems: If you frequently catch colds or infections, the immune-boosting vitamins like C and D, along with zinc, enhance the body's immune response.

- ✓ People with Chronic Conditions, such as migraines, fibromyalgia, or chronic fatigue syndrome, may find relief due to the muscle-relaxing and pain-reducing properties of magnesium and other nutrients.
- ✓ Those Under High Stress: High stress can deplete your body's nutrients. The "Boost" Cocktail can replenish these, helping to improve your mood and mental clarity.
- ✓ Hydration and Electrolyte Balance: The inclusion of essential minerals helps maintain hydration and electrolyte balance, crucial for proper muscle and nerve function.
- ✓ Improved Mood and Cognitive Function: Vitamin D and magnesium contribute to improved mood and mental clarity, helping to alleviate symptoms of anxiety and depression.
- ✓ Skin and Nervous System Health: Vitamins A, B3, and E play roles in maintaining healthy skin and supporting nervous system function, ensuring overall well-being.
- ✓ Bone and Teeth Health: Vitamin D's role in regulating calcium and phosphorus is critical for strong bones and teeth, reducing the risk of fractures and dental problems.

Cocktail # 6 - "BUILD IV DRIP" - Build / Improve / Protect

!?What is Build IV Drip? - Enhance immune function, support tissue healing, and improve overall physical health.

Key Ingredient:

◆ **Arginine** - Supports various physiological processes.

1. Inhibit Tumor Growth - ability to inhibit tumor growth, potentially supporting cancer prevention.
2. Enhance Immune Function - Boosts the immune system, contributing to robust defense against infections.
3. Tissue Healing and Repair - Crucial for the healing and repair of tissues, aiding recovery from injury or surgery.
4. Improved Sexual Function - enhancing sexual function, particularly for men with erectile dysfunction due to physical causes.
5. Symptom Improvement in PAD (Peripheral Arterial Disease): May improve symptoms and blood flow in individuals with PAD.

◆ **Lysine** - Supports musculoskeletal health and various physiological functions.

1. Muscle Building and Bone Strength
2. Aids in the recovery process after injury or surgery, promoting faster healing and rehabilitation.

3. Involved in regulating hormones, antibodies, and enzymes, contributing to overall physiological balance.

4. Collagen Formation and Tissue Repair - Supports collagen formation for skin health and participates in tissue repair, promoting a youthful and resilient complexion.

5. Anxiety Symptom Improvement

◆ **Both Arginine and Lysine** are associated with potential antiviral effects, adding an extra layer of protection to your immune system.

!?Who Can Benefit from the "BUILD IV DRIP" Cocktail?

✓ Patients with PVD - peripheral vascular disease

✓ Patients with anxiety

✓ Patients are suffering from sexual dysfunctions-particularly erectile dysfunction in men

✓ Chronic Fatigue syndrome

✓ Prolong physical and emotional stress / burn out

CAD 250

Cocktail # 6 -"GLUT GLOW IV DRIP"-Detox/Repair/ Strengthen

!?What is GLUT GLOW IV DRIP? - is designed to detoxify the body, repair cellular damage, and strengthen overall health through the potent antioxidant properties of Glutathione.

Key Ingredient:

◆ **Glutathione** - Master antioxidant with multiple roles:

1. Recycles Antioxidants: Reinforces the body's defense against oxidative stress by recycling other antioxidants.
2. DNA Manufacturing: Crucial for building the infrastructure of cells and proteins, actively involved in DNA synthesis.
3. Reduces Insulin Resistance: May reduce insulin resistance;
4. Youthful Glow: Decreases wrinkles and increases skin elasticity, promoting a youthful and radiant complexion.
5. Detoxification: Assists in eliminating drugs, pollutants, and naturally created chemicals from the body;
6. Supports liver health and plays a role in the treatment of non-alcoholic fatty liver disease.

!? Who Can Benefit from the "GLUT GLOW IV DRIP" Cocktail?

- ✓ Chronic smokers
- ✓ People with chronic inflammatory disease: Rheumatoid arthritis, lupus, Crohn's disease; Diabetes Type 1 and Type 2;
- ✓ People with neurocognitive disorders - Dementia / Alzheimer;
- ✓ People with various types of cancer - during / after chemotherapy;
- ✓ People with Non-Alcoholic / Alcoholic Fatty Liver Disease
- ✓ For Skin Health - improve skin elasticity and reduce the appearance of wrinkles for a youthful glow.

Cocktail # 7 - "HIGH C IV DRIP" - Repair / Protect / Grow

!? What is "High C IV drip"? - High C IV Drip is formulated to repair tissue, protect the body, and promote growth by leveraging the powerful benefits of Vitamin C.

Key Ingredient:

◆ Vitamin C (Ascorbic Acid):

- 📌 Chronic Fatigue Syndrome - Persistent fatigue, lethargy, malaise. **Benefit:** Improves energy levels and overall well-being.
- 📌 Immune System Weakness (Frequent infections, immune deficiencies). **Benefit:** Enhances immune function and defense mechanisms.
- 📌 Skin Health Issues - Aging skin, loss of collagen, reduced elasticity. **Benefit:** Preserves collagen levels, promotes skin elasticity, and a youthful appearance.
- 📌 Wound Healing - Slow healing scars, post-surgical recovery. **Benefit:** Accelerates healing and stimulates collagen production.
- 📌 Musculoskeletal Health - Osteoporosis, cartilage deterioration, dental issues. **Benefit:** Supports maintenance of cartilage, bones, and teeth.
- 📌 Anemia and Iron Deficiency - Fatigue, weakness, pallor. **Benefit:** Aids in the absorption of iron, improving symptoms.
- 📌 Chronic inflammation, exposure to pollutants. **Benefit:** Acts as a powerful antioxidant, protecting cells from free radical damage.
- 📌 Chronic Diseases - Cancer, heart disease, arthritis. **Benefit:** Helps fight disease by minimizing the impact of free radicals.

Cocktail # 5 -"M-UNE IV DRIP": Protect/Repair/ Supercharge

Key Ingredients:

- ◆ Vitamin C (Ascorbic Acid) -- Promotes healthy aging, works as an antioxidant, and is essential for growth and tissue repair. It strengthens the body's defense system and supports cellular vitality.
- ◆ Vitamin A (Retinoic Acid) - Combats viral cell reproduction and enhances immune response. It generates normal, healthy immune cells that actively fight infections, contributing to overall immune system resilience.
- ◆ Zinc Sulfate -- Regulates iron levels, boosts energy, and enhances red blood cell production. It inhibits viral cell reproduction, reducing susceptibility to viral infections such as herpes simplex, the common cold, Hepatitis C, and Coronavirus.
- ◆ Comprehensive Nutrient Blend:

Vitamin B1 (Thiamine)
Vitamin B2 (Riboflavin)
Vitamin B3 (Niacinamide)
Vitamin B5 (d-Panthenol)
Vitamin B6 (Pyridoxine)
Vitamin B7 (Biotin)
Vitamin B9 (Folic Acid)
Vitamin B12 (Methyl cobalamin)
Vitamin D (Calciferol)
Vitamin E (Tocopheryl)
Magnesium
Selenium
Carefully selected amino acids

!? Who Can Benefit from the "M-UNE IV DRIP" Cocktail?

- ✓ Individuals suffer from frequent infections or a weakened immune system;
- ✓ Person is recovering from illness (COVID 19, Flu, RSV, Shingles, Herpes, Hepatitis B/C) or surgery;
- ✓ Prolong mental / emotional and physical stress;

Cocktail # 2 - "NAD+ IV DRIP" - Detox /Improve /Protect

Key Ingredient:

! What is NAD+?

- ◆ Nicotinamide Adenine Dinucleotide (NAD+) - is a substance found in every cell of your body. It's crucial for energy production and keeping cells healthy.
- ◆ NAD+ plays a key role in helping your brain cells age well. Within brain cells, NAD+ helps control the production of PGC-1-alpha, a protein that appears to help protect cells against oxidative stress and impaired mitochondrial function.
- ◆ Boosting Antioxidant and Protective Powers - NAD+ acts as a strong antioxidant, protecting your cells from damage caused by harmful molecules called free radicals. This protection helps combat oxidative stress, which is linked to aging and various diseases.
- ◆ NAD+ Therapy is a major helper in a battle with addiction. It can help flush remaining drugs from the system, mitigate the painful effects of withdrawals, and reduce cravings for alcohol and drugs.
- ◆ NAD+ Therapy can even help the body produce more energy naturally, but without the negative side effects of substances like caffeine or sugar.
- ◆ Improves Cognitive Function - As we get older, our cognitive function declines. Memory loss, brain fog, and difficulty concentrating are all symptoms of age-related cognitive degeneration.

! Who Can Benefit from the "NAD +" Cocktail?

- ✓ Chronic Fatigue Syndrome (CFS): People with CFS often feel very tired because their cells are under stress. NAD+ can help reduce this stress and boost energy.
- ✓ Fibromyalgia: This condition causes widespread pain and fatigue. NAD+ may help by reducing cell damage and improving overall health.
- ✓ Cancer: NAD+ isn't a cure for cancer, but it can support other treatments by protecting healthy cells and helping repair DNA.
- ✓ Autoimmune Disorders: NAD+ is vital for repairing damaged DNA and keeping your immune system strong. Healthy DNA ensures your cells function properly and can prevent diseases. Conditions like lupus and rheumatoid arthritis cause the immune system to attack the body. NAD+ may help reduce inflammation and protect cells from damage.
- ✓ Parkinson's Disease: This disease affects dopamine levels in the brain. Neurotransmitters like dopamine are crucial for brain function. NAD+ helps protect these chemicals from damage, which is important for brain health and can help protect dopamine neurons, potentially improving symptoms.
- ✓ Depression and Anxiety: NAD+ may help balance neurotransmitters, improving mood and reducing anxiety.
- ✓ Alzheimer's disease: NAD+ may help maintain cognitive function and slow disease progression.
- ✓ Multiple Sclerosis (MS): This condition damages the nervous system. NAD+ might help protect nerve cells and support recovery.

Cocktail # 3 - "NRG IV DRIP" Energize/Regenerate/ Strengthen

!? What is NRG IV DRIP - The cocktail is designed to enhance physical performance, reduce inflammation, and promote overall well-being

Key Ingredient:

- ◆ Magnesium - Enhances physical performance, provides anti-inflammatory properties in muscles and joints, and helps reduce pain levels.
- ◆ Vitamin B12 (Methylcobalamin) - Prevents neurological defects, supports bone health, improves mood, and maintains healthy skin and hair.
- ◆ Vitamin E (Tocopheryl) - Prevents cells damage, prevents and delays certain cancers and disease states, and maintains cellular health.
- ◆ Others - Comprehensive Nutrient Blend:
 - Vitamin B1 (Thiamine)
 - Vitamin B2 (Riboflavin)
 - Vitamin B3 (Niacinamide)
 - Vitamin B5 (d-Panthenol)
 - Vitamin B6 (Pyridoxine)
 - Vitamin B9 (Folic Acid)
 - Vitamin A (Retinoic Acid)
 - Vitamin C (Ascorbic Acid)
 - Vitamin D (Calciferol)
 - Dextrose

!? Who Can Benefit from the "NRG IV DRIP" Cocktail?

- ✓ Chronic Fatigue Syndrome -- Chronic fatigue or low energy levels.
- ✓ Emotional Stress and Burnout -- Provide a boost in energy and mood improvement, aiding in stress management.
- ✓ Athletes and Active Individuals -- Prolong physical stress or muscle pain - Recovery from strenuous physical activities. Benefit from enhanced physical performance and quicker recovery times.
- ✓ Nutrient deficiencies -- Address deficiencies in essential vitamins and minerals effectively.
- ✓ The drip helps improve levels of vitamins and minerals to correct deficiencies such as anemia, insomnia, electrolyte imbalances, stress, and thyroid conditions.

"RADIANCE IV DRIP" - Refine/Illuminate/Refresh

Key Ingredient:

- ◆ Vitamin A (Retinoic Acid) - Stimulates the production of new skin cells. Promotes cellular turnover, rejuvenates the complexion, and helps maintain optimal skin hydration levels.
- ◆ Amino Acids - Restore visible skin damage by connecting peptides and proteins. Strengthen the skin's surface, reduce the depth of fine lines and wrinkles, and ensure skin remains well-hydrated and resilient.
- ◆ Vitamin E (Tocopherol) - Key player in cellular restoration.

Repairs skin damage caused by sun exposure, scars, and burns, contributes to smoother skin texture, and acts as a potent antioxidant, preventing oxidative damage from free radicals.

- ◆ Amino Acid Profile: Includes L-Valine, L-Histidine, L-Isoleucine, L-Phenylalanine, L-Lysine, L-Tryptophan, L-Alanine, L-Glycine, L-Arginine, L-Proline, L-Serine, L-Aspartic Acid, and L-Tyrosine.

- ◆ Additional Vitamins and Minerals:

Vitamin C (Ascorbic Acid)
Vitamin D (Calciferol)
Vitamin B1 (Thiamine)
Vitamin B2 (Riboflavin)
Vitamin B3 (Niacinamide)

Vitamin B5 (d-Panthenol)
Vitamin B6 (Pyridoxine)
Zinc Sulfate
Selenium / Sodium

!?!Who Can Benefit from the "Radiance IV Drip" Cocktail?

- ✓ Radiance IV Drip is suitable for those who are experiencing:
- ✓ Radiance IV Drip is formulated to enhance skin health. Improves dull or aging skin
- ✓ Fine lines and wrinkles
- ✓ Skin damage from sun exposure, scars, or burns
- ✓ This IV drip was created to provide a youthful glow to the skin, enhance its elasticity and target fine lines and wrinkles. It is the perfect pick-me-up when the skin looks dull and in need of a refresh, allowing it to regain its brightness from within
- ✓ IV drips can positively impact skin health by promoting hydration, collagen production and overall radiance
- ✓ Reduce visible signs of aging and promote a radiant complexion
